Summary							
determined which clubs were at risk of folding							
did analysis of memberships and renewals for areas							
determined which areas would possibly be at 3 clubs or less (11, 12, and 22) if some clubs folded							
moved clubs from 5 club areas to potential 3 club areas 11 (Venio dictum from 21) , (Wawanesa from 31), and 22 (Ice Breakers from 24)							
goal was to have areas with at least 4 clubs and if one folded there would be at least 3 clubs to remain an area							
did not want to do too many changes because of district re-alignment happening next year
